SYM Remodeled the Maxi Scooter Line-up; MAXSYM GT & CRUiSYM

- **MAXSYM GT**
- **CRUiSYM 125 / 300**

A Magnificent 2-wheeler to Start Your Miles

MAXSYM GT

In order to bring customers a “Gran Turismo” riding experience, SYM renewed the MAXSYM 400 into MAXSYM GT with the upswept sporty headlight set, digital dashboard, top box carrier and the revised front brake system. In the meantime, a re-shaped seat is equipped as standard to provide upgrade comfort while waiting for the green light. The MAXSYM GT is an all-round companion for enjoyable touring and everyday use in the city.

- **Sharpened bodywork showcases “GT” characteristic.**
- **Wide beam projective LED headlights brighten the explorations.**
- **Intuitive 6 inch LCD dashboard wrapped up with technological visual concept.**
- **Top box carrier as standard for expanding luggage space.**
- **Two large glove boxes integrates USB quick charger.**
- **Re-shaped seat with 788 mm height and well-considered ergonomics brings out upgrade comfort.**
- **Cozy seat extremely ideal for pillion rides.**
- **Travel-focused manual adjusted windscreen, high and low position.**
- **Smooth and powerful 399 c.c. engine with balancer shaft.**
- **Dual triple clamp provides steadier handling for tours.**

- **Advanced brake light (ABL) upgrades safety for high speed cruise.**
- **Strong stopping performance by 288 mm front floating disc with radial 4-piston caliper.**
- **Dual electronic protection for travel safety: TCS + BOSCH 10.3 MB ABS.**

Renovated Apparel for the Best-selling Maxi Scooter

CRUiSYM 125 / 300

The CRUiSYM is coming up with a refined new look for 2024: the updated lighting equipment and the new colour schemes.

- **Smart key system as standard equipment for CRUiSYM 300.**
- **Double projective LED headlights.**
- **Tube bar LED position lights and tail light.**
- **Multidimensional rear lights.**

END
